

Help Us, Find You...

REFLECTIVE ADDRESS SIGN

HELP OUR EMERGENCY VEHICLES LOCATE YOUR HOME

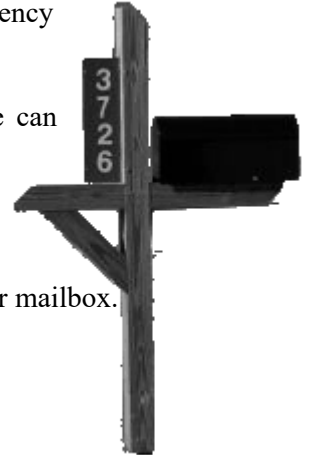

GPS is great, but it doesn't always work on country roads. Your address sign is how emergency crews will find you when you call 911.

Every second counts when firefighters and paramedics respond to emergencies, valuable time can be lost if your house number isn't clearly posted where they can see it.

- ✓ Is your house number easily found and can be read from the street?
- ✓ Can your house number be seen at night?

If the answer is "no," it is time to update or replace the address numbers on your home or mailbox. Here's how you can ensure your home is easily identifiable.

- **Sign Mounted:** Install your address sign between 4 and 7 feet above ground level.
- **Visible Numerals:** Make sure numerals are visible to vehicles coming from both directions. Emergency vehicles may not arrive from the same direction.
- **Reflective Surface:** Use a reflective sign surface with contrasting colors for the numerals.
- **Numeral Size:** Ensure numerals are at least 3 inches tall.
- **Proper Placement:** Place the sign on the same side of the road as the house.
- **Proximity:** Keep the sign no more than 5 feet from the edge of the roadway.
- **Clear Surroundings:** Maintain the area around the sign, keeping it free of weeds, snow, and debris.

By following these guidelines, you're not just helping us; you're ensuring that emergency services can reach you quickly when it matters most.

Support your local volunteer fire company by purchasing a reflective address sign for \$20.00 for your home today. It may save your life or a love one's

3 Easy Ways To Order:

- By completing the [online form](#)
- By attending any of our breakfasts or see any member
- Stopping by the firehouse on Tuesday nights from 7:00 PM - 9:00 PM

Madisonville Fire Department
3131 Madisonville Rd.
Madison Twp., PA 18444

Name: _____

City: _____ State: _____ Zip: _____
